

# Diagnostic Psychrometer

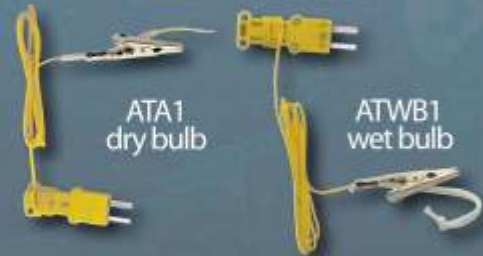

TARGET SUPERHEAT & TARGET EVAPORATOR EXIT TEMPERATURE MADE EASY

model  
SRH2

- Measures temperature & relative humidity.
- Displays %RH, dry bulb, wet bulb, dew point, Target Superheat & Target Evaporator Exit Temperature.
- Built-in temperature & %RH sensors to measure outdoor dry bulb & calculate indoor wet bulb for target superheat.
- K-type thermocouples to measure temperature, wet bulb & drop across the evaporator coil.
- More than the “everyday” digital psychrometer.

## K-type Thermocouples Included
